

## Lexia Reading System Requirements

Lexia Reading requires that the student software **be installed on each student machine and not run off a central server** due to the large number of graphic and sound files.

MyLexia, the educator/administrator website for Lexia Reading, is accessed via a Web browser.

### Lexia Reading Student Software

#### Macintosh

- Mac OS X 10.4 or higher
- At least 256 MB RAM
- At least 500 MB hard drive space
- Headset (recommended) or speakers
- 32 MB accelerated video graphics card or better

#### Windows

- Windows XP (SP3), Vista, Windows 7 (Professional and Ultimate)
- At least 256 MB RAM
- At least 500 MB hard drive space
- Headset (recommended) or speakers
- 32 MB accelerated video graphics card or better

- Minimum screen resolution of 800x600
- Persistent Internet Connection
- Compatible web browser for MyLexia.com (see below)
- Access to **student.mylexia.com** and **update.lexialearning.com** must be whitelisted on firewall/proxy (if applicable)

#### Notes:

- *Lexia Reading* student software v7.0.0+ has been tested and found to work properly on the following NComputing systems, with either Windows XP or Windows Server 2003 on the host machine: X350 and L230.
- Thin clients, Citrix, Terminal Services/Remote Desktop, virtual machines, and other remote access or PC-sharing systems are *not* supported.

### MyLexia.com

#### Macintosh

- Mac OS X 10.4 or higher
- Safari 3+, Firefox 3+

#### Windows

- Windows XP (SP3), Vista, Windows 7 (Professional and Ultimate)
- Internet Explorer 7+, Firefox 3+

- JavaScript must be enabled.
