

Make the Most of Funding With Lexia®

No matter the funding, Lexia® is here to help!

Our evidence-based solutions are grounded in research and can be used together or individually to meet Structured Literacy learning needs for any student—as well as the teachers who support them.

With multiple avenues of funding available, there is always an opportunity to help students excel!

Don't leave money on the table!

The purpose of the Elementary and Secondary School Emergency Relief Fund (ESSER Fund) is to provide Local Education Agencies (LEAs) with emergency relief funds to address the impact that COVID-19 has had and continues to have on elementary and secondary schools.

Grant Fund	ESSER I (March 2020)	ESSER II (December 2020)	ESSER III (March 2021)
Stimulus Program	CARES Act	CRRSA	ARPA
Total ESSER Allocation	\$13.2 billion	\$54.3 billion	\$124.5 billion
Minimum LEA Allocation	\$930 million	\$3.6 billion	\$8 billion
Available for Obligation	9/30/2022	9/30/2023	9/30/2024

Five ways you can justify using ESSER funds for Lexia to accelerate literacy development for your students include:

1. Planning for and coordinating during long-term closures, including technology for online learning, guidance on IDEA requirements, and ensuring other educational services can continue to be provided consistent with all applicable requirements
2. Planning and implementing activities related to summer learning and supplemental after-school programs and addressing the needs of low-income students, students with disabilities, English Learners, migrant students, students experiencing homelessness, and children in foster care
3. Assessments, instructional materials, software, hardware, professional development, connectivity, teacher pay, and summer school activities

4. Funding crucial summer, after-school, and other extended learning and enrichment programs
5. Implementing strategies to meet the social, emotional, mental health, and academic needs of students hit hardest by the pandemic through evidence-based interventions and critical services like community schools

Lexia’s evidence-based solutions qualify for many key pre-K–12 federal funding programs:

	Curriculum			Professional Learning

Why Lexia?

With over 35 years of experience through a singular focus on literacy and a full spectrum of solutions to support it, Lexia helps more learners read, write, and speak with confidence. Our digital-centric solutions can be used together or individually to meet Structured Literacy learning needs for any student—as well as the teachers who support them.

Literacy for All

Our solutions are built upon the science of reading, delivering the systematic and explicit instruction learners need to truly comprehend, retain, and apply literacy foundations.

Across all our solutions and services, Lexia's approach is focused on sound methodology, engaging experiences, and continued acknowledgement of the value of each individual learner. By doing so, we're making literacy truly accessible for everyone we support.

Lexia® Core5® Reading's adaptive technology personalizes learning paths in six critical areas of reading and accelerates the development of literacy skills for students of all abilities. A proven combination of teacher-led instruction and digital practice uses technology to reach all pre-K–5 students—expanding equity for all.

Lexia® PowerUp Literacy® is an intervention for adolescent readers that provides individualized, scaffolded instruction based on real-time student performance data that expands equity for all students. PowerUp addresses gaps in fundamental literacy skills while building higher-order literacy skills needed to read successfully across content areas.

Lexia® English Language Development™ is an adaptive blended learning program that supports Emergent Bilingual students' English language acquisition through academic conversations. Lexia English expands digital access for students learning English and empowers Emergent Bilingual students in grades K–6 to thrive.

The LETRS® (Language Essentials for Teachers of Reading and Spelling) Suite is comprehensive professional learning designed to provide early childhood and elementary educators and administrators with deep knowledge to be literacy and language experts in the science of reading. Developed by Dr. Louisa Moats and leaders in the field of literacy, LETRS teaches the skills needed to master the foundational and fundamentals of reading and writing instruction—phonological awareness, phonics, fluency, vocabulary, comprehension, and written language.

Lexia® Aspire™ Professional Learning, grounded in the science of reading, is a flexible, self-paced online solution that helps educators accelerate literacy skills among students in grades 4–8. Aspire trains educators to weave literacy skills and strategies into instruction to help students learn to read, comprehend, and articulate their ideas across all subjects.
