

# How Lexia Builds Capacity for Effective Hybrid Learning

At the heart of our mission, Lexia's programs accelerate literacy development for students, provide teachers with simple and actionable data to monitor student progress, and support districts in closing the opportunity gap for all students.

In addition to helping educators achieve these important outcomes, Lexia's programs and services also provide critical support for *building capacity for effective hybrid learning* at this unique and transformative time in education.

Building Capacity for Hybrid Learning with:	How Lexia Helps
Teachers	<ul style="list-style-type: none"> <li>• Provides high-quality, adaptive content that saves teachers time spent developing hybrid learning materials including adaptive capability for scaffolding and direct instruction.</li> <li>• Focuses valuable teacher time on managing, delivering, and monitoring instruction either in person or with distance learning.</li> <li>• Makes it easy for teachers to get started and to continue professional learning that is meaningful and relevant to program implementation in Lexia Academy.</li> <li>• Integrates strategies and resources to support blended and distance learning, literacy instruction, and product implementation via courses in Lexia<sup>®</sup> Academy.</li> <li>• Empowers teachers with real-time, actionable progress monitoring data to know when students need additional support.</li> <li>• Provides targeted lessons for teacher-led instruction (whole group, small group, or one-on-one) either in person or online.</li> <li>• Helps teachers meet the need for highly targeted print materials in instructional Lexia Lessons<sup>®</sup> and Skill Builders<sup>®</sup> packets for home use.</li> <li>• Supports professional growth with meaningful learning opportunities—anytime, anywhere.</li> </ul>
Principals	<ul style="list-style-type: none"> <li>• Customizes implementation plans for each building that provide staff and PLC's with the ongoing and differentiated professional learning and coaching support needed to fully utilize Lexia resources in distance, in-person, or hybrid learning situations and to develop domain expertise in data analysis and reading instruction.</li> <li>• Supports staff transition to hybrid or distance learning by ensuring consistency and quality for teachers with different experience levels.</li> <li>• Provides systematic and sequential scope and sequence for vertical and horizontal alignment within and across grade levels.</li> </ul>
District Leadership	<ul style="list-style-type: none"> <li>• Provides a well-designed structured literacy curriculum that is research-proven (meeting most rigorous ESSA standards) and based on the science of reading that progresses from foundational to advanced literacy skills.</li> <li>• Fits with existing curriculum.</li> <li>• Provides reliable (consistent) and valid (accurate) progress-monitoring data across in-school and distance learning environments, without a separate testing event, via Assessment Without Testing<sup>®</sup>.</li> <li>• Constantly adapts to learners' needs in ways that fragmented/deconstructed/reconstructed content and web links cannot, via adaptive learning design.</li> <li>• Reinforces culture of data-driven instruction.</li> </ul>
Families	<ul style="list-style-type: none"> <li>• Engages families with easy-to-manage, structured, and intrinsically motivating adaptive learning time.</li> <li>• Provides families with a well-structured learning environment for high-impact time on task and clear expectations for goal-setting, instant feedback, and progress-monitoring.</li> <li>• Provides families with structured offline lessons on targeted skills identified by the teacher, as well as print activities to reinforce online learning.</li> <li>• Provides motivational certificates as students complete levels, with "I can" statements to inform parents.</li> </ul>
Students	<ul style="list-style-type: none"> <li>• Engages students with intrinsically motivating design and feedback.</li> <li>• Sustains engagement through voice and choice by using the student dashboard, polling, and interactive, age-appropriate immersive content.</li> <li>• Develops many of the social-emotional and executive processing skills students need to work effectively in a remote environment:             <ul style="list-style-type: none"> <li>• Goal-setting</li> <li>• Time management</li> <li>• Self-monitoring progress</li> <li>• Internalizing self-determination of success</li> <li>• Perseverance</li> <li>• When to ask for help</li> </ul> </li> </ul>

Talk to a Lexia literacy expert to learn how you can use your ESSER II funding to close learning gaps and boost student achievement in your district.
