Monitor Student Progress and Close Learning Gaps
No matter where learning takes place

Lexia's Research-Proven Literacy Programs Adapt To Any Scenario

IN-PERSON INSTRUCTION
PLAN A

HYBRID
PLAN B

VIRTUAL
PLAN C

KEYS FOR SUCCESS AT SCHOOL

- Fits within your existing curriculum
- Supports remediation and intervention to close learning gaps
- Delivers real-time data via Assessment Without Testing®
- Identifies specific skill gaps from COVID Slide without a test event
- Adaptive personalized pathways quickly accelerate literacy skills to close the opportunity gap
- Offline materials support individual and small-group instruction and reinforce new skills

KEYS FOR SUCCESS IN A HYBRID MODEL

- At home, students continue to work independently through personalized learning pathways
- Embedded, explicit instruction provides extra support when teachers are not in-person
- Teachers use real-time data to monitor student progress and prioritize limited in-person instructional time
- Skill-specific offline resources target instruction when students are in-person

KEYS FOR SUCCESS AT HOME

- Expert literacy resources create an easy lift for teachers and support for families
- Students stay motivated and engaged through high interest, age-appropriate material
- Students continue to receive embedded explicit instruction in online
- Teachers continue to monitor student performance in real time through Assessment Without Testing®
- Instructional resources are delivered individually, in whole-group online, or included in "at-home" instructional packets
