LETRS has changed my teaching life and brought back my love for it. Programs and curriculum change, but the vast knowledge I have gained will not. LETRS has helped me to better distinguish what my students are lacking and how to scaffold their learning.”

– JENNIFER PLATT,
Second Grade Teacher, Wyoming

“

LETRS has given me a deeper understanding of the science of reading and given me concrete tools to help me implement it in the classroom. I feel like I am now truly able to meet my students’ needs, and I feel confident that there is a way to help every struggling reader.”

– MADELINE BERRY,
Second Grade Teacher, Kentucky
