

# Transformative Literacy Instruction

## Why AZ Educators Trust Core5

Across Arizona, educators are committed to advancing early literacy and meeting state goals for third grade reading proficiency. **Lexia® Core5® Reading** is an adaptive, evidence-based program built on the science of reading. The program is aligned with Arizona's Move On When Reading requirements and K–5 Literacy Endorsement standards. Core5 accelerates foundational skill development for all learners, helping students make the critical shift from learning to read to reading to learn, while supporting equitable access and measurable growth statewide.

### Here's what Arizona educators have to say about Core5:

#### Filling Learning Gaps

“ I love Lexia. It helps the students fill in the holes in their learning. If they need extra help, a red apple shows up so the teacher can give them a little more individualized instruction. They make great strides using it to help them reach goals.”

—Maureen Baldwin, Teacher,  
Sequoia Charter Elementary School

#### Personalized Success

“ I have had great success with all different leveled readers using Lexia over the past years. The students like the program, and I feel it helps them where they need it the most, showing growth, and where they may need assistance.”

—Shayla Halverson, Teacher,  
J. R. Davis Elementary School

#### Readers Soar

“ Lexia has been an incredibly useful tool in our school. We have students who are beginning readers and they begin to soar with Lexia and teacher support! So glad to have Lexia as an option to support our student readers!”

—Claudia Valenzuela-Garcia, ESL/ELL/Bilingual  
Teacher, Esperanza Elementary School

#### Strong Foundations

“ My school has been using Lexia for several years. The program really helps with reinforcing the basic skills of reading. Our students do very well in reading and usually surpass the state assessment scores.”

—Jackie Mims, Literacy Coach,  
Mary C. O'Brien Elementary School

#### Outstanding Growth

“ Before Lexia, our ELA scores were stagnant. Now, we hit our growth numbers every year. Our growth is outstanding.”

—Larry LaPrise, Principal,  
Valley View Leadership Academy
