

Intervention and Acceleration

Science of Reading Solutions
for Minnesota

Flexible Implementation to Support the Minnesota MTSS Framework

Lexia® PowerUp Literacy® is an adaptive blended learning literacy program that accelerates the development of literacy skills for students of all abilities in grades 4-12.

By pairing high-quality instructional intervention and continuous Assessment Without Testing® data, PowerUp allows students to learn and practice skills at their own targeted place and pace, provides educators with detailed insights into their students' skills, and links to specialized instructional resources.

PowerUp can be implemented as intensive intervention or targeted instruction.

How can PowerUp help accelerate literacy for Minnesota students reading below grade level? PowerUp:

- Offers adaptive, individualized literacy learning for ALL students
- Is fully aligned to Minnesota ELA State Standards
- Generates growth on MCA Assessments
- Provides inclusive support for English Learners
- Connects literacy learning with SEL to facilitate growth
- Provides real-time, actionable data
- Is research-based and proven

Fully aligned to
MN ELA State Standards

ESSA

STRONG
EVIDENCE

Tier 1

PowerUp is proven to be up to five times as effective as the average middle school intervention and has been shown to enable students to make multiple years of growth in a single academic year. **Learn more.**
