

Evaluating the Implementation of Lexia Programs Within a Statewide Tutoring Initiative

ACADEMIC YEAR 2024-2025

ALL In Tutoring
EDUCATION

LITERACY FOR ALL

As VA ALL In pushes forward and literacy expectations rise, many Virginia divisions are still working to close persistent opportunity gaps—despite signs of progress. To support decision-making and spark strategy conversations, this infographic highlights key results from a recent study on the impact of Lexia® Core5® Reading and Lexia® PowerUp Literacy® in VA ALL In tutoring, including measurable gains and educator feedback from the field.

2 YEARS
Lexia® programs are renewed for this initiative

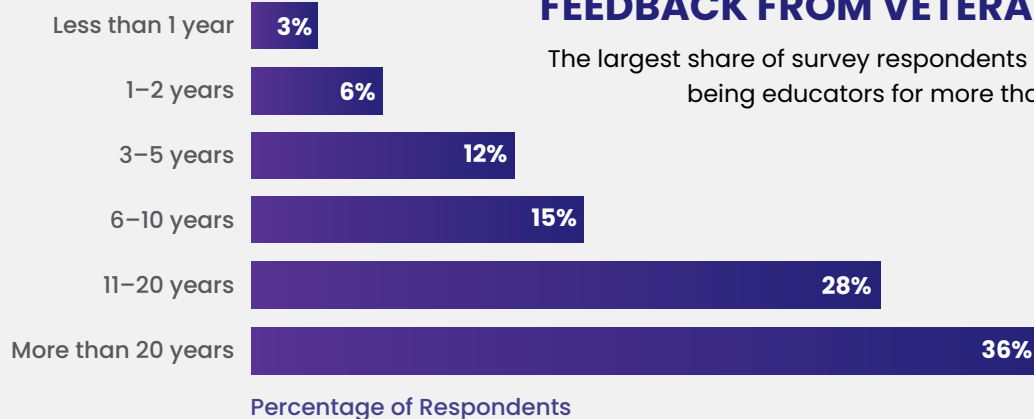

VOICES OF LEXIA EDUCATORS

I LOVE this program—easy to track data, my students do 15 minutes a day on the program, so there is always time to add this in to supplement learning.”

FEEDBACK FROM VETERAN EDUCATORS

The largest share of survey respondents in the sample reported being educators for more than 20 years.

Core5 and PowerUp are also approved for the Virginia Literacy Act

Core5 and PowerUp are also aligned with the Virginia Standards of Learning for ELA

BLENDED LEARNING IN ACTION

Virginia divisions demonstrated consistent and frequent use of Core5/PowerUp by both students and educators

At least once per week

74% of educators reported using Lexia Lessons® and Lexia Skill Builders®

Two+ times per week

75% of educators reported student progress via myLexia®

Three+ days per week

78% of educators reported students using Core5 or PowerUp independently

WHAT EDUCATORS ARE SAYING

- 67%** say student outcomes are improving due to Core5/PowerUp.
- 65%** say students find Lexia programs engaging.
- 63%** say Lexia programs help them more efficiently evaluate their students' needs.
- 65%** say Lexia programs help them more efficiently provide targeted instruction.

VOICES OF LEXIA EDUCATORS

“ Having access to this program has helped us tremendously, because we can use it with so many students. It is MUCH better than the previous program that we were using, and we are seeing growth and progress with our students. ”

VOICES OF LEXIA EDUCATORS

“ I LOVE Lexia. It hones in on the areas where my students struggle, and it makes differentiation a breeze. It focuses on multiple strands of the literary braid, and I wish that every student in Virginia could have access to it.”

In February 2025, Lexia Research partnered with the Virginia Department of Education to administer a survey to gather insights from educators across Virginia about the implementation and effectiveness of Lexia programs as part of the ALL In Tutoring initiative. The survey gathered responses from a diverse range of participants across the commonwealth, ensuring representation across key demographics.
