What Educators Are Saying[3]

93% say Core5 is easy to use

82% say Core5 helps them more efficiently provide targeted instruction

83% say Core5 helps them more efficiently evaluate their students' needs

> "Lexia Core5 is a great tool for developing literacy skills, especially in younger students. What stands out about it is how personalized the learning experience can be. It adapts to each student's progress, offering targeted practice and support based on their individual needs. The game-like interface is fun and engaging, which helps maintain students' interest while they work through different levels of reading challenges."

2. Results for 27,875 pre-K–5 students who used Core5 between 7/29/2024 and 5/25/2025. Students were considered to have used the online portion of Core5 with fidelity if they used the program for at least 20 weeks, met their weekly usage targets for 50% or more of those weeks, and started using the program before the end of 2024 or met benchmark. Data compiled and analyzed by the Lexia Research Team.
3. From a survey of 1,948 Core5 educators and administrators deployed monthly across the 2024–2025 school year by Lexia Research.
