## Voices of Lexia Educators

" I like that [myLexia] shows the students' progress in the program. I love the certificates that acknowledge the completion of a level in Lexia. I love the assignments that students can work on if they are struggling with a level on Lexia."

" myLexia gives very specific information that allows me to target instruction based on student needs. I can really zoom in on areas they need additional instruction in. It has helped me to identify students that appear to be reading at grade level but have large gaps in their phonics skills."
