SCHOOLS

Blended Learning in Action

during the 2024–2025 school year²

303,585 Lexia Lessons® delivered

492,412 Lexia Skill Builders® delivered

71 average number of **skills** completed in one academic year

82 average **minutes per week** working in PowerUp strands

11 average number of **Skills Checks** completed in one academic year

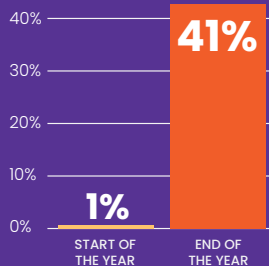

Gains in PowerUp²

for students who used with fidelity
during the 2024–2025 school year

55% of students
covered 3+ grade levels of
skills in a single school year

**Significant
gains** in students
working on
advanced (grade
6–8+) skills across
all content.

Closing the Gap²

By the end of the year, the
percentage of students working
on K–2 skills **dropped below**
6% in all strands of content

The number of students working
on advanced comprehension
skills was **5x** greater at the end
of the school year

What Educators Are **Saying**³

86% say PowerUp is easy to use.

“I like the three targeted areas given to my students to improve their reading skills. The fact that it is also engaging and interactive allows my students to want to continue interacting and taking part in Lexia PowerUp.”

1. For more information, visit lexialearning.com/research

2. Results for 53,952 6–12 grade U.S. students who used Lexia PowerUp between 7/29/2024 and 5/25/2025. Students were considered to have used PowerUp with fidelity if they used the program for at least 20 weeks, met their weekly usage targets for 50% or more of those weeks, and started using before the end of 2024. Data compiled and analyzed by the Lexia Research Team.

3. From a survey of 837 PowerUp educators and administrators deployed monthly across the 2024–2025 school year by Lexia Research.
