

Illuminating Science of Reading Implementation: Striving Readers

STEP ONE: Read the scenario and the problem of practice below. As you're reading, think about what you've learned and discussed through the lens of managing science of reading implementation.

| | |
|-----------------------------------|---|
| <p>Scenario</p> | <p>Your organization has recently adopted science of reading-aligned instructional materials, but the rollout has been uneven. Some K-5 classrooms have fully implemented the materials, while others use a mix of old and new practices. Data shows persistent gaps for striving readers, and teachers express confusion about consistent lesson delivery.</p> |
| <p>Problem of Practice</p> | <p>What system-level actions can ensure every K-5 classroom consistently delivers high-quality science of reading instruction to accelerate progress for striving readers?</p> |

STEP TWO: What's the core issue?

STEP THREE: Brainstorm systemwide solutions that could impact the core issue in your scenario and improve the organization's implementation.
