

Achieving Sustained Literacy Gains in New York

Lexia® Core5® Reading is closing literacy learning gaps for New York students with evidence-based reading instruction that achieves results year after year. Reports of student literacy progress through the use of Core5 during the 2023–2024 and 2024–2025 school years show impressive gains for students of all abilities.

Sustained Improvement

- Across the 2023–2024 school year, the percentage of New York students working on material at or above grade level approximately doubled, **increasing from 38% to 76%** among students who used the program with fidelity.
- Across the 2024–2025 school year, the percentage of students working on material at or above grade level approximately doubled, **increasing from 41% to 80%** among students who used the program with fidelity.

Students working at or above grade level in Core5:

Benefits for All Students

Grounded in the science of reading, Core5 is an adaptive blended learning program that accelerates the development of literacy skills for students of all abilities. The depth and breadth of Core5’s scope and sequence support both foundational and advanced literacy skills. Embedded assessment technology provides educators with real-time, actionable data that helps answer relevant questions about student needs.
