# Literacy Drives Equitable Opportunity for Success

(Stromquist, 2005)

# Where is your district on the science of reading journey?

# Implementation Science

Implementation science seeks **to close the gap between what is known** about literacy acquisition **and the implementation of this knowledge in the classroom**, often referred to as the KNOW-DO gap. This gap can be closed by **identifying and addressing barriers** to the use of evidence-based practices.”

## IMPLEMENTATION SCIENCE IS

A process

3–5 year launch

Analysis, adjustment

Systems

Evidence-to-efficacy bridge

Grounded in medicine, military

## IMPLEMENTATION SCIENCE IS NOT

An event

Immediate impact

Passive, compliant

A program or curriculum

Investment in innovation

Unique to education

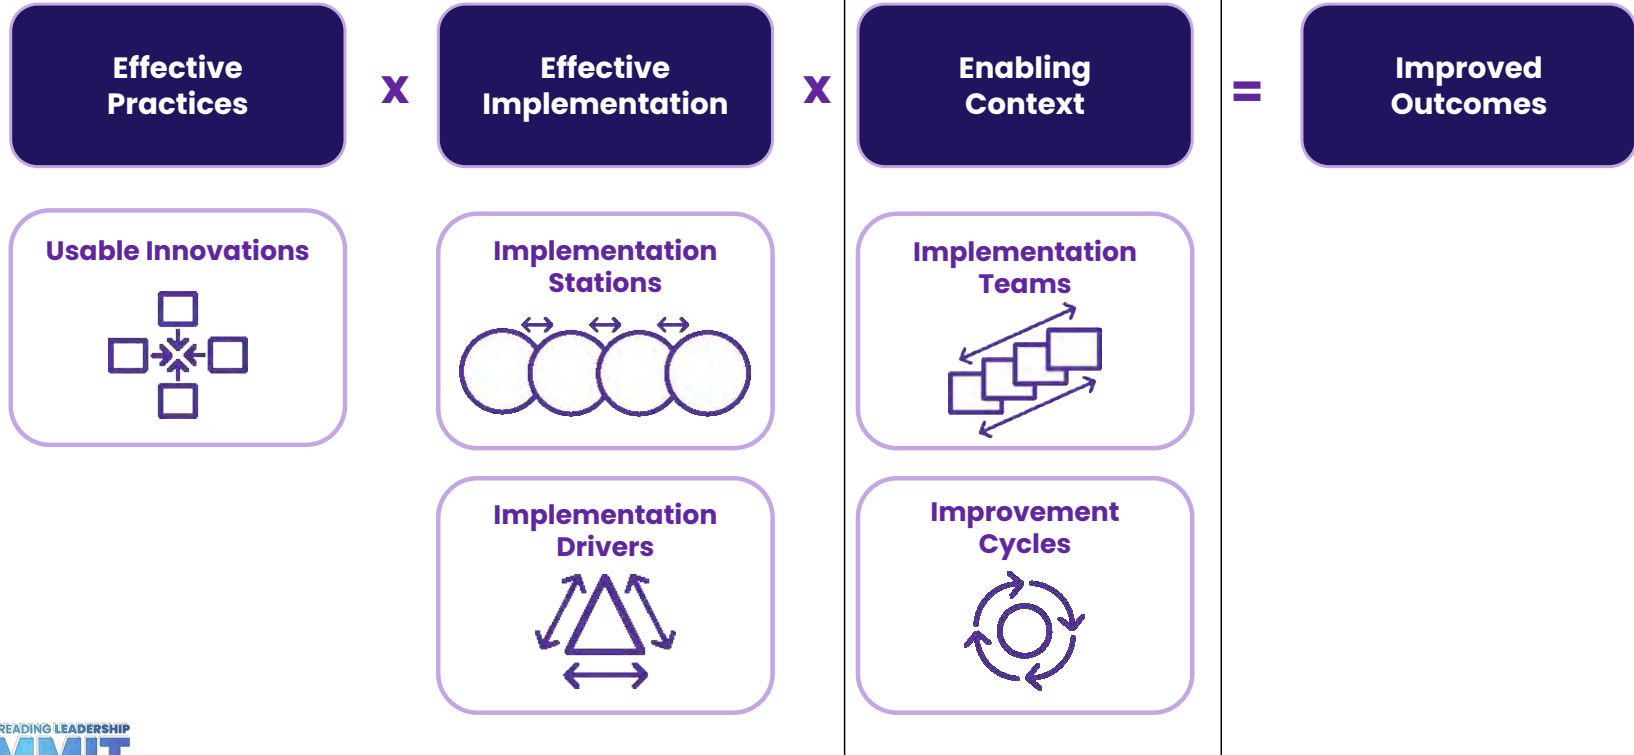

# De-implementation

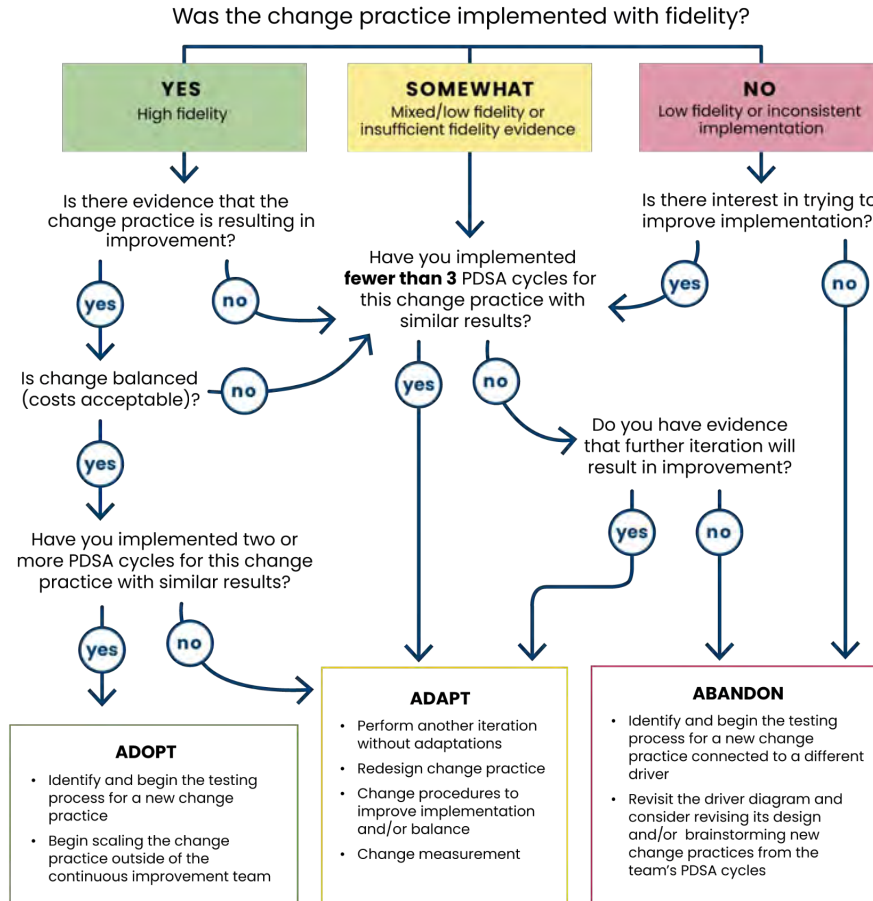

Reduction or elimination of inappropriate, ineffective or potentially harmful programs to ensure that limited resources are used effectively.
