

Empower LETRS Graduates With Continuous, Research-Based Learning

As the demand for robust literacy support continues to increase, so does educators' eagerness for continuous professional development. They desire to enhance their teaching practices and stay updated with the latest literacy research.

Lexia® LETRS® Connect™ empowers educators with insights into the latest literacy research and best practices, further supporting our educators to cultivate and apply evidence-based instructional practices in their classrooms.

LETRS Connect is designed to help educators translate the depth of knowledge learned in Lexia® LETRS® to meaningful classroom impact. Sessions will cover topics designed to empower their literacy practice with expert-guided, evidence-based learning to:

- * Enhance science of reading foundations.
 - Deepen their understanding of reading research, phoneme awareness, phonics, morphology, spelling, fluency, comprehension, and writing.
- * Provide smarter support for all learners.
 - Expand their strategies for multilingual students.
 - Refine and increase strategies for students who have challenges with language comprehension.

LETRS Connect can help educators:

- * Build upon trusted LETRS content.
- * Learn from the latest reading research.
- * Deepen their understanding of the science of reading.
- * Support growth with best practices from industry experts.
- * Build confidence in applying evidence-based instructional practices.

Why LETRS Connect?

Completing LETRS is not the finish line—it's the foundation. Now that you've built a deep understanding of the science behind how students learn to read, the next step is to bring that knowledge to life in your classroom, your school, and your community. The science of reading is evolving—and so are you. What comes next is your opportunity to transform research into results, one reader at a time.

Continued access to the previously completed LETRS course content and resources

Educators can revisit and reinforce their foundational knowledge anytime, ensuring they retain and build upon their learning. This ongoing access helps maintain a high level of instructional quality and consistency.

Library of Sessions from leading science of reading experts

Educators benefit from expert-led sessions that provide the latest insights and research in literacy education. These sessions encourage reflective practice and offer practical activities to apply new knowledge, enhancing teaching effectiveness.

Check for Understanding assessments to test knowledge growth

Regular assessments help educators gauge their progress and understanding of the material. This ensures that they are effectively learning and applying the concepts, leading to improved instructional practices and student outcomes.

Enhanced Resource Library designed to support educators in their classrooms

The Resource Library offers a wealth of practical tools, including modeling videos, downloadable content, graphic organizers, and classroom activities. These resources are designed to directly support educators in implementing evidence-based literacy instruction.

Access to live online events with researchers, practitioners, and subject matter experts

Live events provide opportunities for real-time interaction with leading experts in the field. Educators can ask questions, share experiences, and gain valuable insights that can be immediately applied in their classrooms, fostering a collaborative and dynamic learning environment.
