“Our PowerUp results were better than the results from other interventions I have seen as a school turnaround administrator. I would definitely recommend PowerUp as an intervention.”

– Dave Rice, Assistant Superintendent, Roseville Michigan Community Schools

# About PowerUp

Lexia® PowerUp Literacy® accelerates literacy gains for students in grades 6–12, whether they are several grade levels behind or show some risk of not meeting College- and Career-Ready Standards. Proven to be up to 5x as effective as the average middle school intervention, PowerUp enables students to make multiple years of growth in a single academic year. PowerUp respects the maturity of the adolescent learner with high-interest authentic texts and motivational elements. Without stopping for a test, educators—regardless of their area of expertise—can assess students’ skill level and deliver the right instruction.
