

Virginia's Reading Revolution

Virginia school administrators want to equip their educators with effective literacy tools to accelerate learning and improve equity for all students. Now is the time to close learning gaps and foster long-term impact with evidence-based, explicit, and systematic reading practices.

Lexia® offers a comprehensive portfolio of curriculum support and professional learning solutions grounded in the science of reading:

Literacy Support (Pre-K-5) Based in the Science of Reading

Lexia CORE5 READING

Set the Stage for Reading to Learn

Lexia® Core5® Reading accelerates the development of literacy skills for pre-K-5 students of all abilities, helping them shift from learning to read to reading to learn. With a "Strong" rating—the highest ranking available—from Evidence for ESSA, Core5 closes gaps in as little as eight weeks for at-risk students.

- Support foundational and advanced literacy learning.
- Help teachers differentiate instruction and personalize learning with Adaptive Blended Learning.
- Get real-time progress monitoring and data reporting at the classroom, school, or district level.

Preview Core5 and drive literacy growth now.

Literacy Support (6–12) Based in the Science of Reading

Lexid POWERUP LITERACY

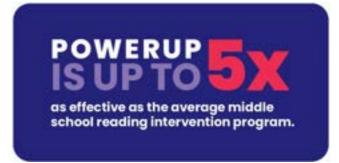

Close Gaps and Develop Deep Comprehension

Lexia® PowerUp Literacy® accelerates literacy gains for students reading below grade level in grades 6–12. Proven to be **up to 5x as effective** as the average middle school reading intervention, PowerUp improves outcomes because it enables students to make multiple years of growth in a single academic year.

- Scaffold support for older students.
- Help teachers differentiate and personalize learning with Adaptive Blended Learning.
- Get a comprehensive picture of academic progress to inform instruction.

Preview PowerUp and foster equitable learning now.
