

Lexia and California's Expanded Learning Opportunities Program Grant

The Expanded Learning Opportunities Program (ELO-P) provides funding for after-school and summer school enrichment programs for transitional kindergarten through sixth grade. Use your ELO-P funds to help your students develop academic language and literacy. **Lexia® Core5® Reading**, **Lexia® PowerUp Literacy®**, and **Lexia® English Language Development®** meet requirements for California's Expanded Learning Opportunities Program Grant Funding.

Support Learning Acceleration Through California’s ELO–P Grant With Research–Proven Solutions

		
<p>Literacy Acceleration for TK–Fifth Grade</p> <p>Accelerate foundational and advanced literacy skills to help close the literacy gap in as little as 10 weeks.</p> <p>The percentage of California students working at or above grade level in Core5 grew to 84% during the 2022–2023 school year.</p>	<p>Literacy Acceleration for Grades 6–12</p> <p>Accelerate literacy gains and enable striving readers to make multiple years of growth in a single academic year.</p> <p>More than 50% of California students who consistently used PowerUp advanced at least three grade levels in a single year.</p>	<p>Language Acquisition for Grades K–6</p> <p>Accelerate academic English language learning with integrated speaking, listening, and grammar practice.</p> <p>California Emergent Bilinguals who used Lexia English scored 15 points higher on the ELPAC.</p>

Learning Acceleration

- Align instruction to California CCSS ELA and ELD standards, including systematic scope and sequence
- Improve outcomes on the SBAC and ELPAC assessments with research-proven solutions
- Provide scaffolded support and instruction for students striving to achieve proficiency
- Reduce students’ risk of not meeting grade-level standards

Adaptive, Personalized Learning

- Differentiate instruction with personalized learning paths that adapt based on student performance
- Deliver the right instruction at the right time with the teacher at the center of every step
- Support numerous instructional models with flexible resources and lessons
- May be implemented by both certified and classified educators

Real-Time, Actionable Data

- Inform whole-class, small-group, and individual instruction with actionable progress data
- Create data-driven action plans with recommended instructional materials
- Empower teachers to quickly and easily meet students’ differentiated instructional needs
