

District Administrators Target Foundational Literacy Skills for All Students

Despite shifting goalposts, educators can still help students succeed on the STAAR. School and district leaders are turning to Lexia® Core5® Reading for their science of reading solution to get students reading at or above grade level.

With a comprehensive and proven program like Core5, students across every demographic can and will learn to read. Educators throughout Texas are using Core5 to improve student literacy skills for all students, especially those who need a little extra help.

86%
of students who used Core5 with fidelity advanced at least one grade level of material (SY 2022–2023).

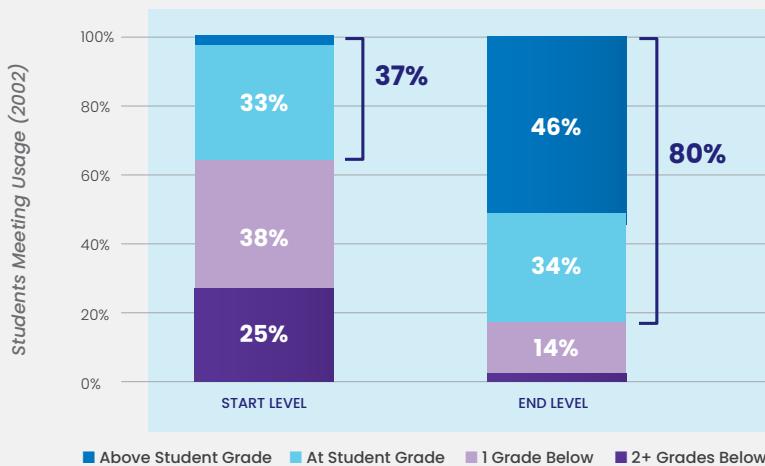

I am a strong believer of using [Core5] to help students of all abilities build fundamental literacy skills. Struggling readers, especially English Language Learners, students with special needs and students at risk, have benefited tremendously from using the program.”

— Jenifer Hansen, Principal

For SY 2022–2023, students* working at or above grade level in Core5 increased from 37% to 80% by the end of the year.

Progress in Core5 during 2022–2023 for meeting-usage students (N=2002)

*Who met their usage targets (N = 85,651)

Texas Student Demographics*

Population: 2,526,159

- English Language Learner: **23%**

- Students using Core5: **238,118**
- Schools using Core5: **1,740**

*TEA September 2023

Real-World Results in Texas

90%
of students who met Core5 EOY benchmark were proficient on STAAR.

Lexia Core5 is absolutely the best reading skill-based platform I have ever used in my classroom.”

— Jill Downey, Teacher

Our dyslexia students continue to transform challenges into successes with the combination of Lexia Core5 and prescriptive lessons. The best feeling as an educator is being able to set achievable goals and celebrating their academic progress.”

— Veronica Balli, Teacher, Remedial Reading
