

Washington Learning Standards for English Language Arts **Alignment Overview**

Lexia® Core5® Reading aligns to the levels of complexity and rigor of the Washington Learning Standards for ELA. Through systematic design, Core5 ensures both foundational reading proficiency and advanced skill development across the six strands of instruction, all of which support Washington's standards for reading.

Core5 Program Components

Independent Student-Driven Learning

Built on the Science of Reading, Core5 is an adaptive online blended learning program that accelerates the development of literacy skills for students of all abilities in grades PreK-5. Students receive personalized instruction in the 6 primary areas of reading: Phonological Awareness, Phonics, Automaticity, Fluency, Vocabulary and Comprehension.

Ongoing Progress Monitoring

Core5 provides assessments and detailed progress monitoring tools tied directly to action plans and relevant instructional resources. The proprietary **Assessment Without Testing®** technology gathers norm-referenced and criterion-referenced performance data without stopping the flow of instruction to administer a test.

Teacher-led Instruction

Core5's multi-sensory instructional offline materials empower educators to target instruction, reinforce and extend learning while providing additional opportunities for oral expression, writing, and collaboration. Offline resources include:

- **Lexia Lessons** are automatically recommended for students based on their performance in the online activities. These scripted lesson plans help teachers deliver explicit instruction in targeted skill areas for small-group or one-on-one instruction.
- **Lexia Skill Builders** can be incorporated into classroom routines or used for home practice to build independence, increase automaticity, and expand expressive skills.

Educators have access to additional resources to supplement student learning. See the [Instructional Materials Sampler](#) to learn more about resources, such as **Lexia Connections**, **Decodable Readers**, **Lexia Close Reads**, the **Writing Prompt Pack** and the **Fluency Passage Pack**.

Supporting Needs of Diverse Learners

Core5 helps all students—whether they are Emergent Bilinguals, students working towards proficiency, on level, or above level—boost their reading achievement through just right, personalized instruction.

Acceleration and Enrichment

Core5 supports students who are working towards proficiency, students who are on-level and above-level. Students can work independently online or collaboratively offline to expand their expressive skills.

Supporting Culturally Responsive Learning Environments

Core5 seeks to convey equitable and multidimensional representations of people across lines of diversity including race, culture, language background, gender, ability, socio-economic status, community, and national origin.

Washington Learning Standards for ELA & Core5 Reading

How does Core5 prepare students for college and the workplace?

Students using Core5 follow a rigorous scope and sequence built for college and career ready standards. Core5 prepares students for the **Key Instructional Shifts** of the Washington Learning Standards for ELA as they develop the necessary foundational skills to access **complex text**, gain deep knowledge, increase **academic vocabulary** and learn the significance of **using evidence to support their claims**.

Preparing Students to be Literate

Core5 students develop the necessary skills to be considered “literate” as outlined by the Washington Learning Standards for ELA. Through Core5 students:

- Learn to **use technology and digital media strategically and capably** via the online program and when engaging in offline lessons.
- **Demonstrate independence** as they navigate the program through a personalized learning path.
- Build **strong content knowledge** through engaging in online and offline lessons that allow for them to **respond to the varying demands of audience, task, purpose and discipline**, as well as **comprehend, critique** and learn to **value evidence**.
- Learn to **understand other perspectives and cultures** as they engage with text that are culturally responsive and sustaining.

Core5 includes Washington curriculum requirements:

- ✓ Rigorous content
- ✓ Quality text selections and genres
- ✓ Demonstrated efficacy
- ✓ Repeated exposure and application to complex text
- ✓ Flexibility and easy to implement
- ✓ Rich academic vocabulary
- ✓ A foundation built from

“The Washington Learning Standards for ELA provide a rich depth of knowledge and skills that young people will need to succeed in technical school, college, careers, and life. The standards are vital to ensuring our students can be successful in their communities and global society.”
