Core5[®] and Florida K-5 Topic Correlation

Lexia Core5 Reading supports educators in providing differentiated literacy instruction for students of all abilities in grades pre-K–5. Lexia's research-proven program provides explicit, systematic, personalized learning in the six areas of reading instruction, targeting skill gaps as they emerge, and providing teachers with the data and student-specific resources they need for individual or small-group instruction.

This document demonstrates how reading texts presented in Lexia Core5 Reading align with the Florida K-5 content topics. All texts that appear in the online program are also available in a print version to facilitate learning offline. For a list of all of the texts included in Core5, please see the attached document: Core5 Passages.

Kindergarten
