

BOOSTS CHARTER SCHOOL SUCCESS

Flexible, personalized literacy instruction built on the science of reading. Proven to help more learners read, write, and speak with confidence.

THE RESULTS ARE IN

Recovery from Interrupted Learning

47% of charter school students

who used **Lexia® Core5® Reading** reached their grade-level benchmark in Core5.

114,534 pre-K–5 students in more than **1,150** schools across all charter school customers used the online components of Core5 with fidelity or met their end-of-year benchmark.

I'm a believer in this program because, bottom line, Core5 is changing student lives.

More Students

Working at or Above Grade Level

The percentage of students who were classified as working at or above grade level greatly increased from

39% to 82%

It's an investment that has produced significant gains in student literacy skills and teacher effectiveness.

Progress for Students of All Abilities

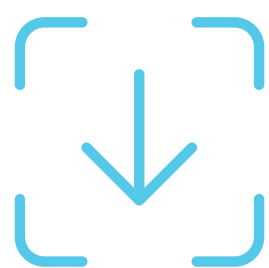

Charter school students of all abilities made substantial progress in Core5 across the 2021–2022 school year.

Core5 adapts to every child and provides much more individualized instruction than I possibly could.

Reduced Risk

Percentage of students working below grade level was reduced from

61% to 18%

Only 39% of our students started the year working on grade-level material, and we are now up to 90%!
