## Accelerate Literacy With the Oregon Early Literacy Framework and Proven Solutions from Lexia®

The **Oregon Early Literacy Framework** was finalized in May 2023 and demonstrates a commitment by the Oregon Department of Education to addressing unfinished learning and supporting literacy education infrastructure for the long term. It is intended to help build momentum and capacity for strengthening literacy instruction in all K–5 classrooms so that all children leave elementary school proficient in reading and writing in at least one language.

Lexia supports the Oregon Early Literacy Framework with proven solutions for teachers and students to develop and accelerate literacy. **Lexia® Core5® Reading** supports educators in providing differentiated literacy instruction for students of all abilities in grades pre-K through 5, targeting skill gaps as they emerge. **Lexia® English Language Development®** is an adaptive blended learning, speaking, and listening program that supports students’ English language development through academic conversations via online and teacher-led offline instruction. **Lexia LETRS® (Language Essentials for Teachers of Reading and Spelling)** and **Lexia LETRS® for Early Childhood Educators** are comprehensive professional learning programs that provide educators with deep knowledge to be literacy and language experts in the science of reading.

<p><b>Literacy Acceleration for Pre-K–Fifth Grade</b></p> <p>Accelerate foundational and advanced literacy skills to help close the literacy gap in as little as 10 weeks.</p> 	<p><b>Language Acquisition for Grades K–6</b></p> <p>Accelerate academic English language learning with integrated speaking, listening, and grammar practice.</p> 	<p><b>Professional Development for Literacy Educators</b></p> <p>Accelerate literacy gains by equipping educators with the essential knowledge to master the fundamentals of literacy instruction required to transform student learning.</p> 

## Learning Acceleration

- Align instruction to Oregon CCSS ELA and ELD standards, including systematic scope and sequence
- Improve outcomes on the SBAC and ELPA assessments with research-proven solutions
- Provide scaffolded support and instruction for students striving to achieve proficiency
- Reduce students' risk of not meeting grade-level standards

## Adaptive, Personalized Learning

- Differentiate instruction with personalized learning paths that adapt based on student performance
- Deliver the right instruction at the right time with the teacher at the center of every step
- Support numerous instructional models with flexible resources and lessons

## Real-Time, Actionable Data

- Inform whole-class, small-group, and individual instruction with actionable progress data
- Create data-driven action plans with recommended instructional materials
- Empower teachers to quickly and easily meet students' differentiated instructional needs
