# SCOPE AND SEQUENCE

Lexia® PowerUp Literacy® is designed to accelerate literacy gains for struggling and non-proficient readers in grades 6 and above. The program addresses literacy skills aligned to college and career readiness standards for grades 6–8, while teaching the specific K–5 standards that are critical to building a foundation for grade-level proficiency. The program is broken up into three distinct strands that students work in concurrently: *Word Study*, *Grammar*, and *Comprehension*.
