What Utah Educators Are Saying

Core5 is a great tool for our students. Visiting different places in the world and fun graphics help keep my students engaged. You have so many resources and specific info about each student. It really helps!

My students beg to do Lexia. I love how it differentiates for all my students. Their writing and spelling scores are getting better.

Verified to Drive Outcomes

Third-party evaluations of Utah's Early Intervention Reading Program<sup>4</sup> have found that:

- Core5 students **consistently met** their usage targets.
- Use of Core5 contributed to **significant reading gains** relative to matched controls in both full- and half-year implementations.
- Lexia is by far the most preferred provider. Enrollment in Core5 was **6x higher** than average enrollment for other vendors.

1. Results for pre-K-5th grade students in Utah who used Core5 between 8/01/2022 and 5/27/2023. Data compiled and analyzed by the Lexia Research team. 2. Usage and progress results for students who used Core5 with fidelity during the 2022-23 school year (used the program for at least 20 weeks, met their weekly usage targets at least 50% of weeks, and started use before the end of 2022). 3.
