

***Gather progress-monitoring data  
without stopping instruction for a testing event!***

Lexia Core5 Reading complements the Pennsylvania Core Standards, allowing you to:

- Monitor student progress towards meeting grade level expectations with the student progress report
- Access the library of Lexia® Lessons for targeted direct and explicit instruction
- Access the library of Lexia® Skill Builders for independent practice of skills

**Translate Core5 Reading Performance  
to Standardized Assessments**

- Core5 performance measures are valid indicators of reading ability
- On-target performance predictors forecast outcomes

**Assessment Without Testing®**

- Prescribes instructional intensity
- Details information on student skills and needs
- Provides simple and actionable data tied to instructional resources
- Identifies student risk levels
- Highlights granular data: daily, weekly, monthly
- Offers insight for student, class, school, and district
